We have audited the accompanying financial statements of NH Hotel Group, S.A., which comprise the balance sheet as at 31 December 2016, and the statement of profit or loss, statement of changes in equity, statement of cash flows and notes to the financial statements for the year then ended.

Directors' Responsibility for the Financial Statements

The directors are responsible for preparing the accompanying financial statements so that they present fairly the equity, financial position and results of NH Hotel Group, S.A. in accordance with the regulatory financial reporting framework applicable to the Company in Spain, identified in Note 2-a to the accompanying financial statements for the year ended 31 December 2016, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with the audit regulations in force in Spain. Those regulations require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

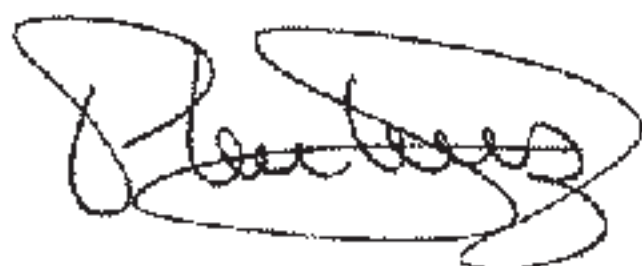

Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the equity and financial position of NH Hotel Group, S.A. as at 31 December 2016, and its results and its cash flows for the year then ended in accordance with the regulatory financial reporting framework applicable to the Company and, in particular, with the accounting principles and rules contained therein.

Report on Other Legal and Regulatory Requirements

The accompanying directors' report for the year ended 31 December 2016 contains the explanations which the directors consider appropriate about the Company's situation, the evolution of its business and other matters, but is not an integral part of the financial statements. We have checked that the accounting information in the directors' report is consistent with that contained in the financial statements for the year ended 31 December 2016. Our work as auditors was confined to checking the directors' report with the aforementioned scope, and did not include a review of any information other than that drawn from the Company's accounting records.
